Discover 24-Hour Wellness at Della Spa

At Della Resorts & Spa, we are dedicated to redefining luxury and relaxation with a commitment to offering unparalleled experiences. Our 3,000-square-foot spa is a sanctuary designed for immersive wellness, featuring seven opulent treatment suites, including three couple's suites, where we combine contemporary oriental spa philosophies with the finest therapeutic practices to restore balance and rejuvenate the body, mind, and spirit.

We are proud to introduce our exclusive Della X doTERRA USA collaboration, bringing the world-renowned purity and potency of doTERRA essential oils into each of our treatments. By partnering with doTERRA USA, a global leader in therapeutic-grade essential oils, we elevate your wellness journey with the finest natural ingredients.

In addition, Della Spa has also collaborated with Repêchage, a pioneer in seaweed-based skincare. This exclusive partnership brings to you the revitalizing power of seaweed and the latest innovations in skincare, offering a holistic approach that blends natural marine botanicals with cutting-edge spa treatments.

For over 25 years, as I travelled the world as a designer, I found myself asking: why must wellness be confined to certain hours? Shouldn't indulgence be available whenever the moment calls? At Della Spa, we've answered that question by creating a space where our spa, swimming pool, and fine dining are open 24/7.

We invite you to a place where time is yours, and the journey to rejuvenation is available around the clock.
